## **FUN STUFF:**

**Rec center virtual courses:** The whole pandemic experience is stressful. It just is. One great resource is the virtual Zumba, yoga, HIIT, and cardio courses you can do virtually. This week they added a new course on Mindfulness Matters. Take a look at their options. Exercise and mindfulness are great stress relievers and help you with your studying. Plus, they are good fun! **Interested in a tour of the Pentacrest Museum?** Last week I put in information about programs and offerings at several museums. After the newsletter ran, one of our students let me know she hosted the museum weird podcast. Take a listen to her podcast on haunted museums: <https://pentacrestmuseums.uiowa.edu/programs>

We are planning a small group tour of the Pentacrest Museum, just for SAAH students, on March 2. This is one of the two days off this semester. We can have only 10 people, so let me know if you are interested. It provides a chance to be together, learn about an interesting museum and who knows, maybe have a weird museum encounter with the resident ghost.

I hope your semester is off to a smooth start,

Lynne
