Book illustration opportunity:

My name is Chrissy Rhodes and I work with the Iowa Agriculture Literacy Foundation. We are starting a [new program](#) this year where students can compete in a writing competition with a chance at getting their book published.

I am writing today because we are looking for a student (undergrad or graduate) that would be interested in illustrating the winning book. We will not announce the winning book until mid-March, but it will be a short, children's book about food or agriculture.

We are open to giving the illustrator a stipend for their work. Interested students please have email their information and a few samples of their work to me at crhodes@iowaagliteracy.org.
