Art Hawks at the University of Iowa is an expressive outlet for student art majors and non-majors that allows members to explore a diverse spectrum of art styles! Our mission is to cater to all UIowa students who have an interest in art to establish an inclusive community. There are no restrictions, requirements, or deadlines for a member’s artwork and they are free to work at their own pace. We understand the challenges of art classes and how they have the ability to take the fun out of a project. Art Hawks is a relaxed and artistic community that encourages members to be their own unique artists whether that be a painter, sculptor, illustrator, etc.
