*School of Art and Art History*

Faculty Catalogue  
2007–2008

This Catalogue celebrates and commemorates the beauty, breadth, and diversity of the School of Art and Art History Faculty Exhibition held at the University of Iowa Museum of Art in fall, 2007. The great energy and dynamism of the works, the range of process, style, composition, media and content, are breathtaking. The art created by our stellar studio faculty is routinely experienced by spectators around the country and the world, but only on the unique occasion of the faculty exhibition can this body of work gathered in one venue be seen and enjoyed by the University of Iowa community and by the large crowds of visitors from Iowa City, the region and the state.

Production of the Catalogue was made possible by generous funding and support from the University of Iowa Office of the Vice President for Research, the Office of the Dean of the College of Liberal Arts and Sciences, and the generous estate gift of Charles I. Okerbloom, a valued alumnus of the School of Art and Art History who received his M.A. in 1938.
